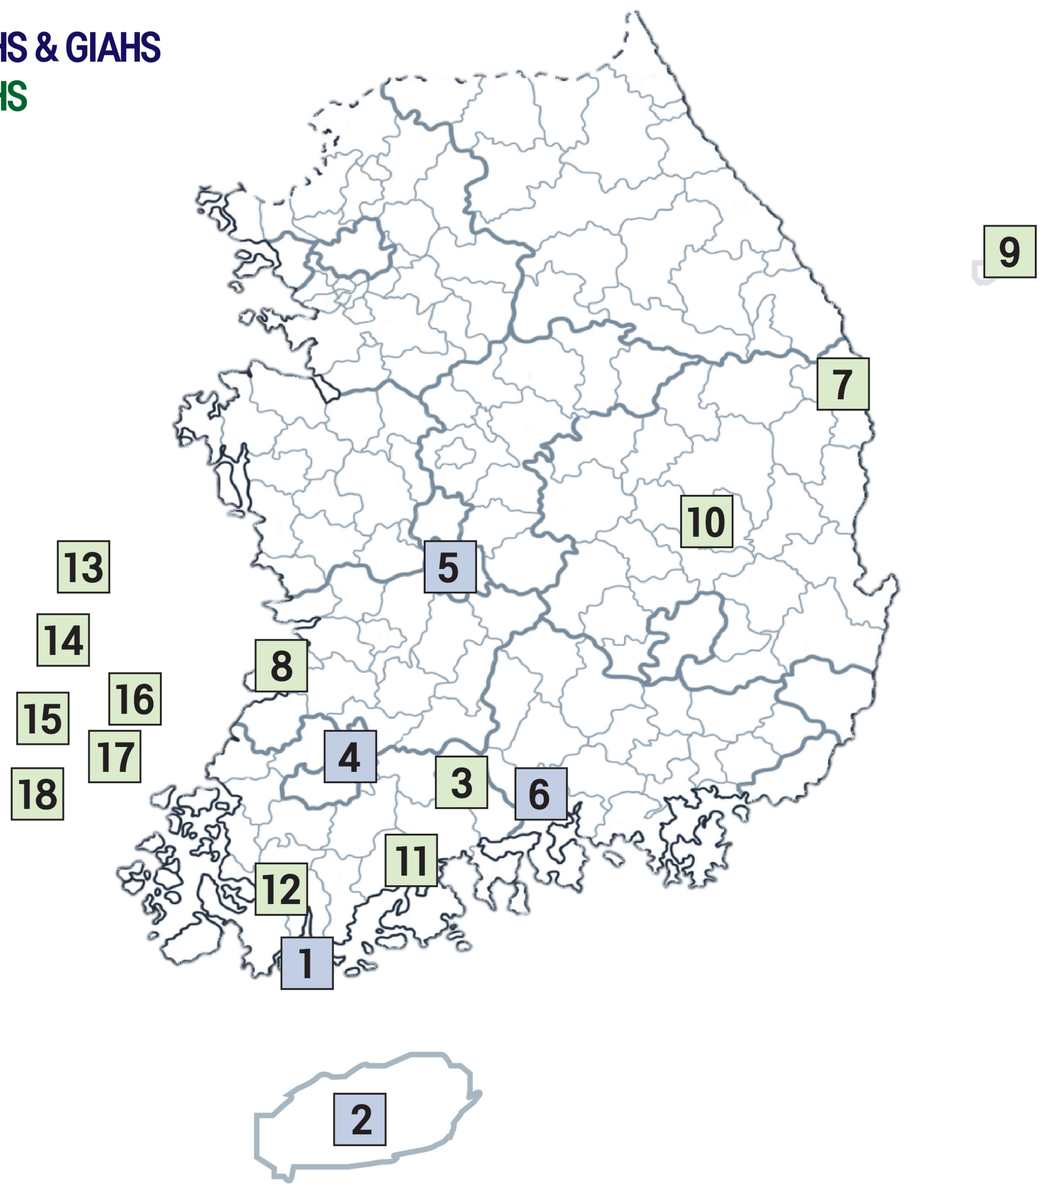
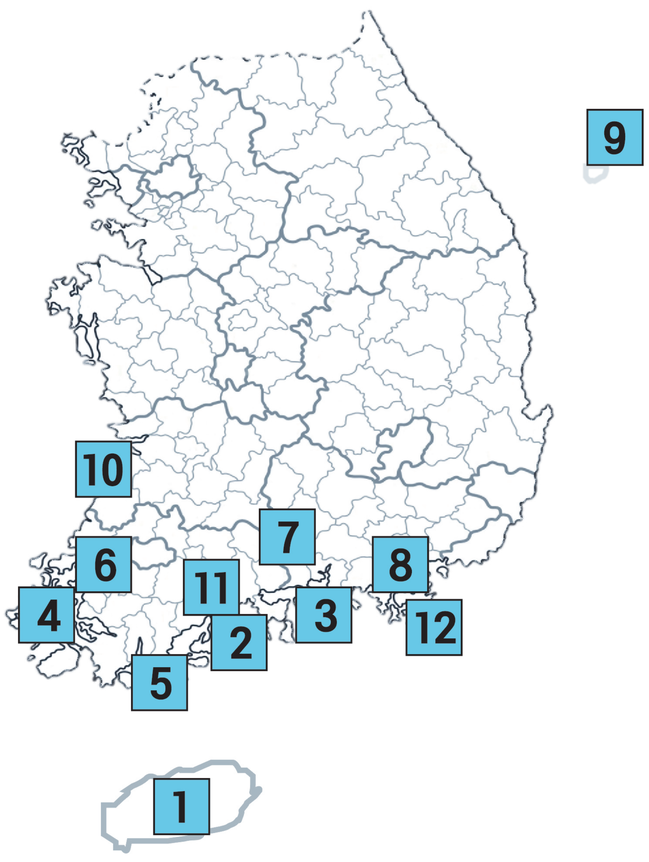
3. Status of KIAHS (Korea Important Agricultural Heritage Systems) designation

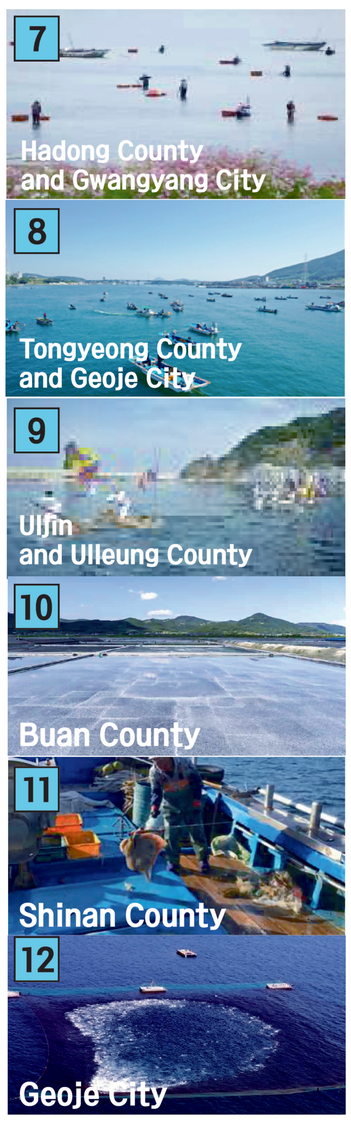
KIAHS & GIAHS
KIAHS



Year	No	Location	Title	Remark
2013	1	Wando County	Cheonsando Gudeuljangnon (flat stone floor paddy field) System	1st Batch
	2	Jeju Province	Jeju Batdam Agricultural System	
2014	3	Gurye County	Gurye Sansuyu (Cornus officinalis) Agricultural System	2nd Batch
	4	Damyang County	Damyang Bamboo Forest System	
2015	5	Geunsam County	Guemsan Ginseng Agricultural System	3rd Batch
	6	Hadong County	Hadong Traditional Wild Tea Agricultural System	
2016	7	Uljin County	Guemsan Ginseng Agricultural System	4th Batch
2017	8	Puan County	Puan Sericulture System	5th Batch
	9	Ulleung County	Ulleung Volcanic Island Mountainous Agricultural System	
2018	10	Uiseong County	Uiseong Traditional Irrigation System	6th Batch
	11	Boseong County	Boseong stepped Traditional Tea farming	
	12	Jangheung County	Jangheung Fermented Tea Agriculture System	
2019	13	Wanju County	Wanju Traditional Ginger Agricultural System	7th Batch
	14	Goseong County	Dumbeong Irrigation System of Goseong Coastal Area	
	15	Sangju City	Sangju Traditional Dried Persimmon Agricultural System	
2021	16	Gangjin County	Gangjin lotus dike ecological circulation irrigation system	8th Batch
2021	17	Changwon City	Gangjin lotus dike ecological circulation irrigation system	9th Batch
2021	18	Seocheon County	Gangjin lotus dike ecological circulation irrigation system	10th Batch

4. Status of KIFHS (Korea Important Fisheries Heritage Systems) designation





Year	No	Location	Title	Remark
2015	1	Jeju Province	Women Diver(Haenyeo) Fishery System	1st Batch
	2	Bosung County	Mud Flatbout(Ppeolbae) Fishery System	
	3	Namhae County	Traditional Bamboo Weirs (Jukbangryum)	
2016	4	Shinan County	Shinan Mud Solar Salt Farming System	2nd Batch
2017	5	Wando County	Cultivating Laver Fishery System	3rd Batch
2018	6	Muan-Sinan County	Mudflat Octopus Bare-hands Fishery System	4th Batch
	7	Hadong County and Gwangyang City	Corbicula Fishery by a Hand-operated Sewing System	
2020	8	Tongyeong County and Geoje City	Dol-Seaweed Collection Fishery System Using Tritpole	5th Batch
2021	9	Uljin and Ulleung County	Dol-seaweed Collection Fishery System Using Raft Boats	6th Batch
	10	Buan County	Buan Natural Sea Salt Farming System	7th Batch
	11	Shinan County	Heuksan Skate Fishing System	
2022	12	Geoje City	Geoje Gray Mullet Frame Net Fishery System	8th Batch
